

SAFETY RECALL

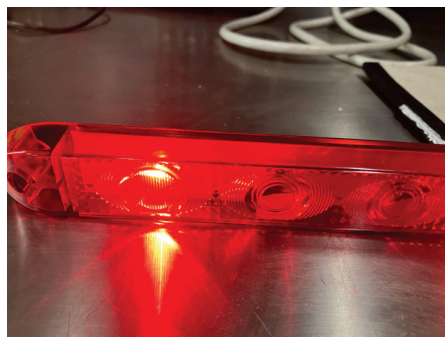

Kenway 17in. LED Rear Tri-Marker Bar Running Light Item # 59657

For certain units of the Kenway 17in. LED Rear Tri-Marker Bar Running Lights (Item # 59657) manufactured during certain production dates, the machine process used for packaging damaged the LEDs in the product, causing them not to illuminate. Running lights that fail to illuminate increase the risk of a crash. For affected lamps this damage is immediately noticeable upon connecting the product to power before installation.

IMMEDIATELY STOP USING THE KENWAY 17 IN. LED REAR TRI-MARKER BAR RUNNING LIGHT AND FOLLOW THE INSTRUCTIONS BELOW TO DETERMINE IF YOU HAVE AN AFFECTED UNIT. Affected units were sold between September 1, 2023 and October 17, 2023, and have the item number 59657 and serial number 372382320 or 372382328 located on the back of the item (see example below). If your unit has either of these serial numbers, plug it into a power source and confirm that all of the LEDs illuminate. If all of the LEDs do NOT illuminate, your unit is part of the recall.

IF YOU HAVE AN AFFECTED UNIT, PLEASE RETURN IT TO ANY HARBOR FREIGHT TOOLS STORE. You will receive a refund in the form of a Harbor Freight Tools gift card.

Harbor Freight Tools will contact affected purchasers directly and provide instructions to inspect and return any affected units. Those instructions will also be available at www.harborfreight.com/recalls.

If you have questions or for additional information, call Harbor Freight Tools at (800) 444-3353 Monday through Friday between 8 a.m. and 4:30 p.m. PT or email Recall@harborfreight.com. Directions to your nearest Harbor Freight Tools store can be found on our website at www.harborfreight.com.
