Certain units of the Kenway Trailer Lights fail to conform to Federal Motor Vehicle Safety Standard No. 108, "Lamps, reflective devices, and assoc. equipment." For affected units, the reflectors do not reflect light as intended, potentially reducing their visibility to other drivers, which could present a crash hazard if used on a trailer on the road.

IMMEDIATELY STOP USING THE KENWAY TRAILER LIGHTS AND CHECK WHETHER YOU HAVE A UNIT SUBJECT TO THIS RECALL BASED ON THE LIST BELOW. Affected units were manufactured between May 1, 2023, and December 17, 2023.
