STOCKING RACK

STOCKING RACK

Let's hear some holiday cheer for this wooden stocking holder! This piece of functional decor is the perfect spot for you to showcase the family stockings or for guests to hang their coats.

RECOMMENDED TOOLS:

BAUER 12 in. Dual-Bevel Sliding Compound Miter Saw
Item 57151

BAUER 20V Cordless 5 in. Random Orbital Sander with Dust Bag — Tool Only
Item 64943

BAUER 20V Cordless 1/2 in. Drill/Driver Kit
Item 64754

BAUER 20V Lithium-Ion 3.0 Ah High Capacity Battery
Item 64816

BAUER 20V Lithium-Ion Rapid Charger
Item 63529

BAUER Titanium Drill Bits and Driver Bits
Item 64198 and 63910

MATERIALS:

(1) 6 ft. 4 in. x 4 in. post

(1) 4 in. x 4 in. cap

(1) 2 in. x 4 in. (8 ft.)

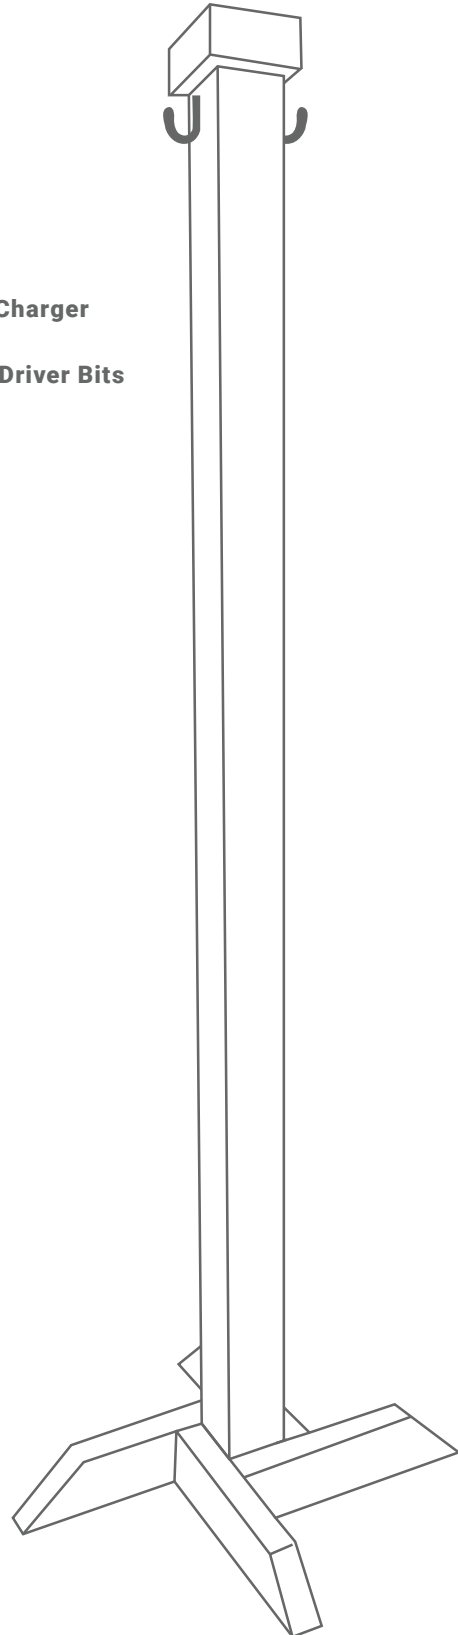

Hooks

Paint

FOLLOW THESE STEPS:

- 1 Cut the 2 in. x 4 in. in four 2 ft. pieces.
- 2 Using the Bauer 12 in. Dual-Bevel Sliding Compound Miter Saw (Item 57151), set your blade to a 45° bevel and cut off the end of each 2 ft. piece.
- 3 Alternating the cut boards around the base of your 4 in. x 4 in. post, use the Bauer 20V Cordless, 1/2 in. Drill/Driver (Item 64754) to screw the baseboards onto the post. You can fill these with wood filler for a cleaner look.
- 4 Attach your 4 in. x 4 in. cap to the top of your post for a decorative look.
- 5 Now that your holder is assembled, sand down any rough texture with the Bauer 20V Cordless, 5 in. Random Orbital Sander with Dust Bag (Item 64943) and a variety of sanding discs.
- 6 You are now ready to paint! Paint your piece as you please.
- 7 Once dry, screw in hooks, and you are ready to hang stockings, coats, and more!
